

Guidelines in Submitting Fecal Samples

1). Samples must be submitted to Research and Laboratory Personnel only with proper packaging and labeling. Place approximately 5 gms. (approx. 1 tbsp.) of the fecal sample in a clean plastic bag. Labels must be stapled outside the plastic bag with the following data completely filled up:

a.) Owner's name : _____

b.) Address : _____

c.) Kind of Animal/Specie : _____
(e.g. cattle, carabao, etc.)

d.) Sex and Age of the Animal : _____

2.) Receiving of samples is from Mondays thru Fridays 8:00 a.m.-4:00 p.m. Samples received after 9:00 a.m. will be brought to the laboratory the following working day.

3.) Results will be released after two (2) working days from the date of submission.
